## Launch of recruitment campaign at NHPC

On 6 Wednesday March 2019, NHPC officially launched its 2019 recruitment campaign.

This is a new important step for the company, which is pursuing its development in order to enable it fully carry out its missions as project manager of one of the major projects under way in Cameroon.

Skills from many sectors and very varied profiles are sought during this recruitment campaign:

- experienced engineers and technicians in the fields of civil engineering, electrical engineering or building and construction
- experienced professionals in the fields of environment, social works, health and local economic development
- experts in management control and accounting
- or experts in the fields of procurement, IT and telecommunications, logistics, safety and audit

**Construisons ensemble notre avenir énergétique**

As part of this campaign, NHPC has launched a new website meant for its recruitments:

[nhpcrecrute.com](http://nhpcrecrute.com)

This website presents exclusively NHPC job offers and not all offers concerning the Nachtigal Project, the latter being under the various construction companies in charge of works.

Job offers are continuously updated according to the company's needs.

The target aimed by this website dual:

- Provide to as many people as possible instant access to all current job offers at Nachtigal Hydro Power Company in a transparent manner, and
- allow user-friendly online applications.
